Animals on School Property

In order to assure student health and safety and to protect the rights of those with allergies, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Arrival/Dismissal

Students shall not arrive at school before 7:50 a.m. and the tardy bell rings and classes begin at 8:00 a.m. There is no outside supervision prior to 7:50 a.m. Those arriving after 8:00 a.m. will receive a tardy slip. Lunch periods for K-2 grades begin at 11:00 a.m., 3-5 grades begin at 11:25 a.m. and 6-8 grades begin at 11:50 a.m. Students are dismissed at 3:00 p.m. each day.

Parent drop off/Car riders are on the east side of the school entering the drive from Rt. 129 (Old US-66). We ask that when there is a line, the students dismiss the **first five cars** in the line at a time to keep the line moving. The first several weeks of school the parent drop off line is very busy. If students do not dismiss five cars at a time the line quickly gets backed up onto Rt. 129. Students will then enter the building through Door # S 3 and head to their classes. If your child is new to GGS, there will be plenty of staff to help direct them to where they need to be.

Walkers, bike riders and bus students will enter the building from the Events Entry door which is door # S 2. We ask that you remind bike riders to please walk bikes across the crosswalk and park them in the provided rack.

Early Childhood and preschool students are the only students that enter on the far west end of the building. If you have grade school students and preschool students, please drop the grade schooler off in the parent line on the east end of the building and then park in the lot on the west end of the building and walk your preschooler up to the west door where the staff is waiting for their arrival.

Custody

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact: Mrs. Melanie Elias, Superintendent/Principal.

Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parents or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, computers, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility

guidelines established by the federal government pursuant to the National School Lunch Act; or

2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

General Building Conduct

The following rules shall apply, and failure to abide by the rules may result in discipline:

- Unless approved by staff, any hat brought to school shall be removed before entering.
- Students shall not run, talk loudly, or yell in the hallways nor shall they push, shove, or hit others.
- Students shall not deface or destroy school property.
- Chewing of gum is not permitted in the school building.
- Motorized vehicles such as ATV's, electric bikes, golf carts, etc. and skateboards (ripsticks) are not permitted on school property.
- Bicycles, scooters, etc. are to be walked across the crosswalk while on school property.
- No eating of food in the hallways or open food containers in lockers
- Only plain water is allowed in water bottles at school and must have a lid that closes the bottle
- Water guns, play guns, and/or real guns as well as knives or any other items that resemble a weapon are not permitted on school property.

Invitations, Gifts, & Snacks

Party invitations or gifts for classmates should not be brought to school to be distributed unless all members of the class will be provided an invitation.

Please do not bring/send floral arrangements, balloons and other bigger gifts. If they are sent, they will remain in the office until after school.

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. Treats and snacks that require refrigeration will not be allowed. Please make sure the treats are in individual, easy to serve portions.

Physical Education

In order to be excused from Physical Education class, a student must have a note from a parent or physician. A parent's note can excuse a student for up to three days without a physician's note.

All students must have athletic shoes for PE only that are to remain at school.

Students in 6th - 8th grade dress for PE. They are to dress in blue athletic shorts along with a royal blue or white athletic shirt. No tank tops, sleeveless shirts, spandex, or yoga pants are allowed! Plain shirts are encouraged; however minimal lettering/logos are acceptable. You can not wear what you wore to school for PE. If you need to wear long sleeves outside or in the gym, bring an extra long-sleeved shirt from home

School Breakfast & Lunch Program

Breakfast is served every school day from 7:50 a.m. to 8:00 a.m. Lunch is served every school day from 11:00 a.m. to 12:10 p.m., except when there is an 11:30 a.m. or earlier dismissal. A student may purchase breakfast for \$2.00. A student may bring a sack lunch from home or may purchase a school lunch for \$3.10 and/or milk for \$0.40.

Free or reduced price meals are available for qualifying students. For an application, contact the building principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

School Operations During a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities. The items considered evidence that have been confiscated may not be returned.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school buses and a video monitoring system is in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.

2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local or county ordinance.
7. Smoke, vape or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectible, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied with Illinois' Compassionate Use of Medical Cannabis Act and district policies.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).
12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the board.
13. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized district employee's directive.
14. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.
15. Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.

Volunteers

All school volunteers must complete the "Volunteer Information Form" and be approved by the building principal prior to assisting at the school. Forms are available in the school office. To ensure the safety of all of our students, volunteers are subject to background checks that are provided by the Grundy County Sheriff's Office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check-in and out at the main office.

CHAPTER 2: TRANSPORTATION AND PARKING

Bus Conduct

Students are expected to follow all school rules when riding the school bus. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. Parents will be contacted by the bus company regarding bus stops. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in a single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

If your child qualifies for bus service, Illinois Central will be in contact with you prior to the start of school to inform you of your child's pick up time and location.

If a parent wants to make the request that their child ride on a different bus for a particular afternoon or go to a different location on their normal bus for a specific afternoon, a parent note needs to be sent to the office by the morning of that requested day. In the note be sure to include who the student is that your child would be riding home with that afternoon. In the event that your child's dismissal routine changes during the day, parents must call the office prior to 2:30pm.

There is a \$500 fee per family household, per year, to ride the bus if you are not bus eligible. The bus stop will be at an existing bus stop determined by Gardner Grade School and Illinois Central. The request must be approved each year by the superintendent and is based on space availability on the bus.

For questions regarding school transportation issues, contact: Mrs. Melanie Elias, Superintendent/Principal at 815-237-2313 or Illinois Central Bus at 815-634-0333.

Parking

The school has two locations available for school visitor parking.

Those dropping off and picking up children may do so in the drop off and pick up lane located on the east side of the building during the following hours: 7:50-8:00 a.m. (drop off) and 2:55-3:05 p.m. (pick up).

Please do not park in the gravel lot in the morning. At the end of the day you may park in the lot to wait for your child or drive through the pick up line. During pick up and drop off, for the safety of the students, this lane is one way only exiting at Center Street.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

CHAPTER 3: PROMOTION, GRADUATION, AND ATTENDANCE

Grading & Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

Grading Scale

A	93-100	E	93-100
B	85-92	S	80-92
C	75-84	I	70-79
D	70-74	U	0-69
F	69 and below		

Honor Roll

Gardner Grade School students will be recognized for well-rounded achievement on one of three different Honor Rolls for grades 3rd - 8th. The guidelines for these Honor Rolls are as follows

High Honors: Students who have all “A’s” in the major subjects of Reading, English, Spelling, Language Arts, Math, Science, Social Studie, Physical Education and Music.

Honor Roll: Students who have earned “A” or “B” grades in all major subjects listed.

Honorable Mention: Students who have earned an 85% or above average. To be eligible, no grades may be lower than 75%

Valedictorian/Salutatorian

The top academic and second highest academic students will be honored at eighth grade graduation as Valedictorian and Salutatorian for their class. Final grades for each school year from sixth through eighth grades are averaged to determine these winners (with May 1st of the 8th grade year being the cut-off date) Grades for the regular major subjects, Language Arts, Math/Algebra, Math Problem Based Learning, Science, Social Studies, and PE are averaged to two decimal places (with rounding being based on the third decimal place).

Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or licensed advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student’s home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student’s individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

For information on home or hospital instruction, contact: Mrs. Melanie Elias, Superintendent/Principal.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

Students in grades 4-8 will be given time to complete assignments in class. Any assignment that is not completed by the end of the class period will then become homework. Students are responsible for completing these assignments and turning them in by the due date. If the assignment is turned in one day late, 10% will be deducted from your grade. If the assignment is two days late, 20% will be deducted from your grade. If the assignment is three days late, 30% will be deducted from your grade. Any assignment turned in later than three days will be given 50% of the grade earned on the assignment. Therefore, if you receive a 100%, your actual grade is only 50%.

Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students, upon returning, will generally be allowed a day for every excused absence to make up their work for credit.

Release Time for Religious Instruction and Observation

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction.

Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.

Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal. Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school. All other absences are considered unexcused.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at (815) 237-2313 or email at GGSOffice@ggs72.org before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 9:00 a.m. on the day of a student's absence, the parent will be notified to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Students expected to leave school anytime during the day must have a note or a phone call/email to the OFFICE stating the time the student will be leaving. Students will not be called out of class until the parent/guardian has arrived at the school to pick the student up.

Planned Vacations

If work is requested for a planned vacation, the work request must be submitted to the teacher at least a week in advance. It is at the teacher's discretion to send work home prior to the absence. All work received prior to the vacation must be completed upon return to school for full credit.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district. A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Students who are absent or tardy to school more than 5% of the prior 180 regular school days without valid cause are considered truant and a letter will be sent home. If absences continue, a second letter is sent home requiring a doctor's note for absences to be considered excused. In the event that absences continue, a referral to the Regional Office of Education will be made and a form from the Regional Office of Education must be completed by a physician for the absence to be considered excused. A meeting with the truancy officer and superintendent will be scheduled.

Students who are truant will be offered support services and resources aimed at correcting the truancy issue.

CHAPTER 4: HEALTH AND SAFETY

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
2. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Guidance and Counseling

The school provides a guidance and counseling program for students. The school's social worker is available to those students who require additional assistance.

Immunization, Health, Eye, and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15 allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth, and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardians presents to the building principal a completed Certificate of Religious Exemption;
3. Health examinations or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or lack of access to a dentist.

Lice

Any student found to have an active case of lice will not be allowed to continue with the school day and will be sent home for treatment. The student will be expected to return to school with proof of treatment when lice are no longer present and be checked first by the administrator in charge before they will be allowed to attend class. Additional infestations and continued improper removal of the problem with additional absences will be considered to be an unexcused absence. If needed, truancy procedures will be enforced.

When a large number of cases occur in an individual classroom / building or the data indicates additional actions should occur:

1. Send a general school wide parent/guardian notification
2. Conduct whole class or whole school head checks
3. Complete re-checks of chronic cases
4. Provide additional guidance and education to individual parents
5. Review classroom materials to check for items conducive to the spread of lice

Mandated Reporters

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

Safety Drill Procedures and Conduct

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill to address an active shooter incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the discretion of administration. Drills may not be preceded by a warning to the students.

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at school-related functions other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g. EpiPen) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment, and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of an injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use; (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Students with Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (815) 237-2313.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

CHAPTER 5: DISCIPLINE AND CONDUCT

Access to Student Social Networking Passwords & Websites

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Use of Artificial Intelligence

"Artificial intelligence" or "AI" is intelligence demonstrated by computers, as opposed to human intelligence. "Intelligence" encompasses the ability to learn, reason, generalize, and infer meaning. Examples of AI technology include ChatGPT and other chatbots and large language models.

AI is not a substitute for schoolwork that requires original thought. Students may not claim AI generated content as their own work. The use of AI to take tests, complete assignments, create multimedia projects, write papers, or complete schoolwork without permission of a teacher or administrator is strictly prohibited. The use of AI for these purposes constitutes cheating or plagiarism.

In certain situations, AI may be used as a learning tool or a study aid. Students who wish to use AI for legitimate educational purposes must have permission from a teacher or an administrator. Students may use AI as authorized in their Individualized Education Program (IEP).

Students may not use AI, including AI image or voice generator technology, to violate school rules or school district policies.

In order to ensure academic integrity, tests, assignments, projects, papers, and other schoolwork may be checked by AI content detectors and/or plagiarism recognition software.

Students will remain inside for recess should the wind chill/ temperature reach 20 degrees or lower.

Field Trips

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or

4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Students and parents/guardians are also encouraged to read the following school district policies: 7:20, *Harassment of Students Prohibited* and 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*.

School Dress Code/Student Appearance

- During a pandemic, students will be required to comply with CDC and IDPH guidelines.

Sexual Harassment & Teen Dating Violence Prohibited

Sexual Harassment Prohibited

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:

- a. Substantially interfering with a student's educational environment;
- b. Creating an intimidating, hostile, or offensive educational environment;
- c. Depriving a student of educational aid, benefits, services, or treatment; or
- d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms *intimidating*, *hostile*, and *offensive* include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. The term *sexual violence* includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Making a Complaint: Enforcement

Students are encouraged to report claims or incidents of sexual harassment, teen dating violence, or any other prohibited conduct to the nondiscrimination coordinator, building principal, assistant building principal, dean of students, or a complaint manager. A student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- e. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.

Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones, smartwatches, and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education plan (IEP) or 504 plan; or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
- 6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.

- threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
18. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
 19. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school detention provided the student’s parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), “look-alikes,” alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

Pocket pagers and other paging devices are not allowed on school property at any time, except with the express permission of the building principal. During instructional time, which includes class periods and passing periods, electronic devices must be kept powered-off and out-of-sight unless: (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in a student's individualized education plan (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals. Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting). The student will be assigned a detention and will be prohibited from bringing the device to school for the remainder of the school year. The student's parent/guardian will be notified and required to pick up the device in the school office. The student will also face consequences for insubordination.

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

CHAPTER 6: INTERNET, TECHNOLOGY, AND PUBLICATIONS

Acceptable Internet Use

All use of electronic network use must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

Acceptable Use - Access to the electronic network must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for legitimate business use.

Privileges - The use of the electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

- a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
- b. Unauthorized downloading of software, regardless of whether it is copyrighted or de-virused;
- c. Downloading of copyrighted material for other than personal use;
- d. Using the network for private financial or commercial gain;
- e. Wastefully using resources, such as file space;
- f. Hacking or gaining unauthorized access to files, resources, or entities;
- g. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
- h. Using another user's account or password;
- i. Posting material authored or created by another without his/her consent;
- j. Posting anonymous messages;
- k. Using the network for commercial or private advertising;
- l. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
- m. Using the network while access privileges are suspended or revoked

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that email is not private. People who operate the system have access to all email. Messages relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the network in any way that would disrupt its use by other users.

- f. Consider all communications and information accessible via the network to be private property.

No Warranties - The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the School District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Copyright Web Publishing Rules - Copyright law and District policy prohibit the re-publishing of text or graphics found on the web or on District websites or file servers without explicit written permission.

- a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
- b. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of "public domain" documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.

Use of Email - The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides email to aid students as an education tool.

- a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student to an email account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the School District's Internet gateway carry with them an identification of the user's Internet *domain*. This domain is a registered name and identifies the author as being with the School District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the School District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the School District's email system constitutes consent to these regulations.

CHAPTER 7: STUDENT SERVICES

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special

assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal. Parents/guardians are responsible for and must:

Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.

Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.

Sign the Diabetes Care Plan.

Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the building principal.

Discipline of Students with Disabilities

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's *Special Education* rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

Education of Children with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the school district office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

PUNS LIST INFORMATION:

The Illinois Department of Human Services (IDHS) maintains a statewide database known as the PUNS database (Prioritization of Urgency of Need for Services) that records information about individuals with intellectual disabilities or developmental disabilities who are potentially in need of services.

IDHS uses the data on PUNS to select individuals for services as funding becomes available, to develop proposals and materials for budgeting, and to plan for future needs. The PUNS database is available for children with intellectual disabilities or developmental disabilities with unmet service needs.

Registration to be included on the PUNS database is the first step toward receiving developmental disabilities services in this State. A child who is not on the PUNS database will not be in the queue for State developmental disabilities services.

For more information and to sign up for PUNS, see the Illinois Department of Human Services PUNS information page at Illinois PUNS - <https://www.dhs.state.il.us/page.aspx?item=41131> - Division of Developmental Disabilities.

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office.

When students are feeling a sense of depression or indicating a thought of self-harm, we want students to realize we are here to help. Students are strongly encouraged to communicate their feelings with any staff member. Our students and staff have access to a school social worker who will provide the necessary support and resources to the student and their family.

Exceptions may be made by the designated teacher, sponsor or coach for justifiable reasons, including: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event. A student who has been suspended from school is also suspended from participation in all extracurricular, athletic, and after school activities for the duration of the suspension.

CHAPTER 9: STUDENT RECORDS AND PARENTAL RIGHTS NOTIFICATION

Asbestos Management Plan Notice

It has been determined by the Illinois Department of Public Health and Federal Environmental Protection Agency that asbestos is a potential health hazard, and precautions should be taken to avoid disturbing any asbestos containing materials.

As required, our building was initially inspected for asbestos on September 16, 1988. The AHERA law requires that a visual surveillance of asbestos containing areas is completed every six months, and a re-inspection conducted every three years. Any evidence of disturbance or change in condition will be documented in the Management Plan as required. The Inspection/Management Plan is available for public review in the Gardner Grade School Office. Should you wish to review the plans, please call to make an appointment between 7:30 a.m. and 3:00 p.m.

parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

The above paragraph does not apply: (1) if the student's parent/guardian has consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official-committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.
